Single and double-leaf configurations available.

HÖRMANN

Responsibility for generations

The Hörmann family business has over 90 years of experience as a construction component specialist. This gives us an obligation to both current and future generations. That's why environmental responsibility plays such an important role for us. With this in mind, we develop innovative solutions for sustainable products and intelligent environmental protection.

“A GOOD REPUTATION MUST BE EARNED.”

August Hörmann

In keeping with the tradition started by the company’s founder, the Hörmann brand is a true promise of quality and, with sales of over 20 million doors, door frames and operators, is one of Europe’s most successful suppliers. Due to the comprehensive international sales and service network, Hörmann is your strong partner for high-quality construction components.

WE THINK AND ACT GREEN. As a family business, we are very conscious of our responsibility to future generations and offer all products for residential construction CO_2-neutral as standard. The Hörmann sustainability strategy aims to reduce and avoid emissions. We cover 100% of our electrical power needs at all European production sites with genuine green electricity from renewable sources. We also apply many other measures to reduce our consumption and save more than 75000 tonnes of CO_2 each year. We work with ClimatePartner to offset the remaining emissions by supporting certified climate protection projects.

CO_2 measure reduce contribute

Brand quality made in Germany

The family-owned company Hörmann offers all important construction components for building and renovating projects from a single source. We manufacture in highly specialised factories using state-of-the-art production technologies. Our employees work intensively on new products, continual further developments and improvements to details. The results are patents and unique products you can depend on.

10 years Guarantee*

LONG-LASTING. GUARANTEED. All major door and operator components are developed and manufactured by Hörmann. Endurance tests under real conditions ensure mature series products with Hörmann quality. Thanks to this and uncompromising quality assurance, you receive a 10-year warranty on all Hörmann sectional side doors and a 5-year warranty on Hörmann operators*.

* The complete warranty conditions can be found at: www.hoermann.com

Tested and certified

CERTIFIED SAFETY FOR YOU AND YOUR FAMILY. Hörmann sectional side doors are tested and certified in accordance with the high safety requirements of European standard 13241, not only on their own but also in combination with Hörmann operators. It would be hard to find a safer sectional side door. This provides you and your family with safety during daily use.

Designed around everyday life

Today's garage is often much more than a place to park the car.

From storing bikes and gardening equipment to creating workshop and hobby spaces, it has become one of the hardest-working areas of the home.

Available in single and double-leaf configurations, the NT60 combines practical functionality with trusted Hörmann quality.

EASY ACCESS.
The things you need, when you need them.

THERMAL INSULATION.
Designed to help create a more comfortable garage environment.

SECURE & RELIABLE.
Built for dependable everyday use.

SINGLE OR DOUBLE LEAF.
Available in a range of sizes and configurations.
